

INDIAN SOCIETY FOR SPICES: ISS

- ISS is a professional society which aims to bring together all those who are interested in spices, aromatic and allied crops.
- The society was founded in 1991 under Societies Registration Act 1860 for the advancement of research and development in spices, aromatic and related crops.
- ISS aims at providing a forum for research workers for exchange of ideas.
- The society organizes symposia, conferences and seminars in collaboration with other organizations on aspects relevant to spices and aromatic crops.
- ISS publishes an International Journal (Journal of Spices and Aromatic Crops - JOSAC), as a vehicle for speedy publication of research results
- The society acts as an effective catalytic link between the research and development organizations on one hand and the industry and trade on other

JOURNAL OF SPICES AND AROMATIC CROPS: JOSAC

- JOSAC is the official publication of Indian Society for Spices. It is an international journal devoted to the advancement of spices, aromatic and related crops.
- It is an open access journal published twice a year (June and December) and is currently in Volume 24.
- The journal publishes reviews, research articles and research notes on all aspects of spices, aromatic and allied crops.
- The journal has been rated in the highest class in punctuality and quality by the Indian Council of Agricultural Research, New Delhi.
- All manuscripts are subjected to peer review. The Editorial Committee is housed at ICAR-Indian Institute of Spices Research, Kozhikode, Kerala and is supported by Advisory Committee with scientists of international and national repute.
- The contribution to the journal, except in case of invited articles, is open to all the members of the society.

We invite all research and development workers on spice and aromatic crops to use the journal as a media for dissemination for their research finding.
